

FAQ for Team Stats Online

Q: How do I find my swimmers times?

A: They can be found under the meets tab. You hold your mouse over the meets tab and then select the Swimmer Times, Meet Entries and Results, and Team Records Button. This will take you to a new page called Team Stats Online. You then select Athletes from the buttons on top. Enter your swimmers name in the search function. Once your swimmer comes up just click on the link next to their name. (You may need to switch from Male to Female or vice versa when doing your search)

Q: How do I know what standards my swimmer has achieved?

A: You search for their times as above and there will be a column that lists all of the time standards achieved. These are loaded with the A/B/C times. You will not find the qualifying times for Championship Meets loaded into this.

Q: How do I find my swimmers meet results?

A: They can be found under the meets tab. You hold your mouse over the meets tab and then select the Swimmer Times, Meet Entries and Results, and Team Records Button. This will take you to a new page called Team Stats Online. You then select the Meet results button. The next page will call up all of the meets. Click on the meet you are searching for. You can then search for your athlete in the search function.

Q: How do I find my swimmers meet entries?

A: They can be found under the meets tab. You hold your mouse over the meets tab and then select the Swimmer Times, Meet Entries and Results, and Team Records Button. This will take you to a new page called Team Stats Online. You then select the Entries button. From there you select the meet that you are searching for. Once there, you can search for your athlete. The order of events as they come up will not be in number order. Just click on the Ev # link and this will then sort them by event number.

Q: How do I find the team records?

They can be found under the meets tab. You hold your mouse over the meets tab and then select the Swimmer Times, Meet Entries and Results, and Team Records Button. This will take you to a new page called Team Stats Online. From here you click on the Records button.
